

Graphic Design/ Motion Graphics Internship

Graphic Design / Motion Graphics interns gain hands-on experience in designing graphics and promotional material for a community TV station.

BCAT16 is Bloomington Community Access Television – Cable Channel 16. BCAT desires to be a quality local community television station that truly engages the community.

It has an active membership that produces a variety of high quality shows that include: B30 (a well-produced, local news program), Student Short Films (a high-quality short film showcase and talk show), The Oliver Oompah Show (A Kids Entertainment show), and Cooking with Linda B.

BCAT16 interns have opportunities to develop and update graphics for print, web, and video. Interns will be able to use Adobe Photoshop, Illustrator, and Dreamweaver, Apple Motion, and DVD Studio Pro.

Graphics will be used on official BCAT 16 material, member shows, and events. All Interns are encouraged to contribute their own ideas and talents to the goal of producing a professional look and feel to all of BCAT16's graphic presentations.

All Interns are encouraged to contribute their own ideas and talents to the goal of promoting the opportunities and services BCAT16 offers to the Bloomington Community.

Interns commit to a minimum of 120 hours and are unpaid. Intern applicants should have some production experience and be comfortable working with other people. They need creativity and the initiative to make things happen.
